AGRICULTURAL AND ENVIRONMENTAL EDUCATION

Agricultural and Environmental Education is an open access, double-blind peer-reviewed online academic journal devoted to disseminating new research and theory in the field of agricultural and environmental education. The journal publishes two issues per year (June and December).

Aims and Scope

Agricultural and Environmental Education aims to stimulate discussions in the field of agricultural environmental education through disseminating significant and innovative scholarly studies that are of value to the international research communities. The journal welcomes research articles, review articles, book reviews, and interviews focusing on the subject area including empirical, theoretical, methodological, and philosophical works that have a perspective wider than local or national interest.

Agricultural and Environmental Education publishes only original scholarly works. Manuscripts that are indeed a derivative or replication/duplication (if there is not clear reason, justification) of previous work are not accepted and will not be published in the journal. Please do not submit the same manuscript simultaneously or separately to Agricultural and Environmental Education with another journal. In such cases the responsibility solely rests with the author(s).

Indexing and Abstracting

Agricultural and Environmental Education is indexed and/or abstracted by:

- Google Scholar
- ROAD
- Scilit
- Crossref

All articles are archived by:

- The British Library
- Portico

Manuscript Submission

Authors should submit their manuscripts online via <https://www.editorialpark.com/agrevedu>. Manuscripts are accepted only in Word format.
